# Collect | Hanger SC47

## Space Copenhagen

### 2020

---

Please read these instructions carefully and retain them for future reference to ensure that the product is used correctly. For your own safety, please study each step of this instruction manual first. &Tradition is not responsible for any faults or damages caused by not following these instructions correctly.

#### Content

The package contains the following items:

- A Collect Hanger
- B Plugs x4
- C Screws x4

\*Please note that the plugs (B) are only intended for stone and wooden walls, if the product is going to be hung on a different type of wall, please use plugs that are specialized for this.

#### Tools needed

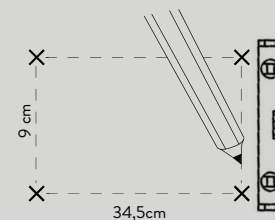

- Spirit level
- Pencil
- Electric drill
- Screwdriver

#### Safety precautions

- Dispose of plastic bag from packaging and do not allow children to play with it.
- The hanger is only intended for indoor use.
- Handle hanger with care in order not to scratch surfaces.
- Spilled liquids of any kind should be removed immediately from the hanger as it may penetrate the surface treatment and cause damage to it.

#### Cleaning instructions

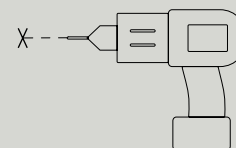

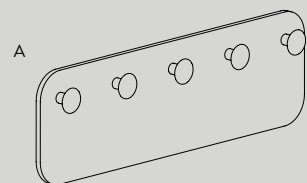

- Wipe hanger with a soft, damp sponge or cloth, and wipe immediately after with a dry cloth.
- Do not use any abrasive cleaning tools such as steel wool, scouring sponges or stiff brushes.
- Never use strong cleaning agents such as white spirit, turpentine, household glass cleaner or cellulose thinners on the hanger.

#### Step 1

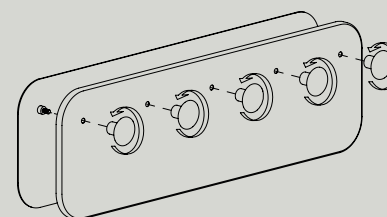

Using a spirit level, mark the placement of the hanger with a pencil.

Make marks with the following distance:  
4 marks with a vertical distance of 9 cm x horizontal distance of 34,5 cm.

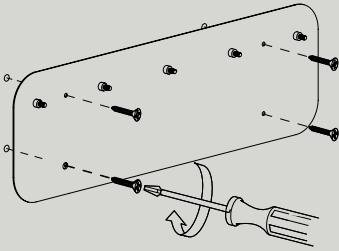

#### Step 2

Drill holes at the marks and insert plugs.

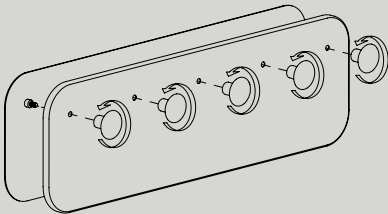

#### Step 3

Rotate the grip of the hanger until it is unattached. Then, remove the cover.

#### Step 4

Align the holes of the wall base with the holes in the wall. Mount the hanger by fasten the screws with the screwdriver.

#### Step 5

Place the cover matching the wall base. Then place the grip of the hanger aligning with the attached threaded rod and rotate the grip until it is tightly fasten.
